# WELCOME

## Welcome to the first Conference of the Wesleyan Holiness Connection (Europe)!

This conference offers the opportunity to gather from around Europe, the USA, and beyond to share in worship, learning, deep reflection, and community with one another. Our theme for the conference is, 'Holiness for such a time as this' as we seek to rekindle the passion and profile of the Holiness message.

The Wesleyan Holiness Connection (Europe) is a relational network of churches, schools, and organisations committed to bringing God's holiness into full and transforming engagement with today's culture. Rarely has there been a more dynamic time for God's holiness to make a difference in our communities and world.

The participating WHC denominations and institutions share a common heritage in the historic holiness movement and desire nothing less than a fresh expression of holiness in the 21st Century. With an emphasis on personal and social holiness, we together lean forward in navigating the tough issues that confront us.

We draw from the deep well of our identity and heritage rooted in the broad holiness movement.
